This Book
Belongs To:

The Charlotte's Web Back-to-School Kit

Book Cover Instructions

Materials:

3 letter size (8.5" x 11") sheets of paper
Scissors
Clear tape

Instructions:

1. Print out all three pages of book cover artwork, and trim off excess white areas with scissors.

2. Arrange pages side-by-side with the artwork facing you, and line up the artwork edges.

3. Place clear tape along the edge where the pages meet, connecting all three pages.

4. Turn the connected pages over, so the artwork faces down (so you only see the white side of the paper).

5. Place your book open in the center of the paper.

6. Fold any excess paper at the top of the book down, to fit the height of the book. Tuck this fold between the bookcover and the book.

7. Fold any excess paper on the left side of the book into the inside of the cover, and tape with clear tape.

8. Close the book.

9. Fold any remaining excess paper on the right side into the other cover of the book, and tape with clear tape.

10. Enjoy your custom Charlotte's Web book cover!
